### **SWEEPS**

We encourage all members with handicaps to participate in the different sweeps we have. They are a great way to meet other members. If you want to play and can not find anyone to play with, you can always play in the sweeps.

You do not have to join a group or commit yourself to play all the time. All you need is the time to play and the entry fee of six dollars on weekdays and ten dollars on weekends.

The format is a best ball net of the foursome (80% handicap), with payouts going to the best team score for each 9 and the 18 hole total. On weekends four dollars goes into a two man team blind draw.

All you have to do is sign up in advance and register in the pro shop to have your handicap card pulled and placed on the counter. The pro shop staff will divide the players into A, B, C and D categories depending on the players' handicaps, draw the teams and make out the score cards. If there are threesomes competing against foursomes, they will start each 9 one under par. The A player will be the captain of the team. He will keep the score card, give each player 80% of his handicap, apply strokes to the proper holes and collect the entry fee for each of his players.

The captain of the first team will be responsible for collecting all the teams entry fees from the captains and keeping track of all the teams scores for each 9 and total. The captain of each team will collect the entry fee from his players, pay the first captain his team entry and report his team's scores. After all the captains have reported their scores, the winning teams captains will be paid their team's winnings and distribute it to his partners. If you are not present when the winnings are handed out, you can have the captain bring it to the Pro Shop and it will be applied to your tournament credit for merchandise.

**Weekend and Holidays** the Pro Shop runs daily tournaments for Pro Shop credit. The entry fee is \$5.00 a player and you sign up before you tee off. In order to compete, you must be playing with another tournament Player and tee off before 1:00PM. Individual tournaments are divided into two divisions. Players with handicaps 14 and lower and the second division is for handicaps 15 to 36. The number of winners is determined by the number of entries. Your winnings are to be used towards merchandise purchased in the Pro Shop. The Pro Shop keeps a record of your winnings and any merchandise purchased towards your winnings. If at any time you would like to check your account just ask any of the Pro Shop staff. The daily tournament results are posted in the meeting room. Practicing on the course is not permitted. This means that each player plays only one ball unless a USGA rule allows the play of a provisional ball. Do not practice chipping to the greens or hitting shots from the areas around the green to the next tee.

Please replace your divots and repair ball marks. Because not all divots or ball marks will heal properly when repaired, we ask that you try not to take a divot with your practice swing or practice to any green. If you play with anyone that is not taking care of the course, just remind them of their responsibilities on the course and report them to the pro shop if they continue to mistreat the course.

If you are chipping onto the practice putting green and someone comes to practice, either stop chipping or be sure that your practicing will not interfere with the other player.

No playing after dark. You can finish the last two holes of your round but we do not want you teeing off the first hole when it is obvious that it will be dark soon. This can be dangerous and can cause additional damage to the course.

Be sure that you can not reach the people in front of you before you hit. Give them an extra 20 yards before you hit. While you are at the course please be considerate of the other players on the course by keeping pace with the group in front of you and being quiet. Do not yell across fairways or around the clubhouse. Even a normal conversation around the clubhouse or the putting green can disturb players on the 1<sup>st</sup> tee, 9<sup>th</sup> green or 8<sup>th</sup> tee.

Put your golf bags on the bag rack in front of the Pro Shop. Do not block the path to the eighth tee.

The Pro Shop and Restaurant are places of business and you should not be hanging around or handling the merchandise unless you have intentions of making a purchase or have business to conduct.

Please do not carry your golf clubs into or through the Pro Shop.

You should be at the course at least 15 minutes before your tee time.
